## Learning Opportunity

Target Audience: Gr 1-3 educational assistants, instructional leaders, pre-service teachers and teachers are encouraged to attend.

Incorporating intentional instruction at the word, phrase, and sentence level is a powerful way to support students. In this workshop, we will explore why it is important to work with students at all three levels (word level, phrase level, and sentence level). Instructional strategies for decoding and spelling will be included, along with engaging games and activities to spice up your lessons.

---

## Presenters

**Lee-Ann Lear**

Lee-Ann has spent over 20 years teaching in Ontario elementary schools. She has always been fascinated by the process of teaching reading and working with struggling readers. Throughout her career, she has sought experiences to help her grow her understanding of the current best practices in reading instruction. This journey has included Reading Recovery, Empower Reading, Orton-Gillingham, Structured Literacy, and, most recently, an exploration of Structured Word Inquiry. In 2022, Lee-Ann became certified by AOGPE at the Associate level. She has now resigned from teaching to focus on growing her company SyllaSense, where she writes and publishes decodable books and shares her knowledge of structured literacy through workshops and free teacher resources.
